

Summary (5% of original text):

The non-EU AIFM has to submit a request to the competent authorities of those Member States to determine its Member State of reference.

A joint decision should be adopted by the competent authorities concerned to determine the Member State of reference.

The request by the non-EU AIFM shall include the information and documentation necessary for determining the Member State of reference.

an estimate of the expected number of investors targeted having their domicile in the Member States where the AIFM intends to market its AIFs;

Each competent authority involved in the procedure and ESMA may request from the non-EU AIFM relevant additional information and documentation necessary for determining the Member State of reference.
